

# Enjoy even more flexibility to ride your way

Our **Cycle to Work** employee benefit now has the option of an 18-month term, which means you can choose to spread the cost of your order across 18 fixed monthly salary reductions instead of 12!

Not only does this provide greater flexibility, but also it makes accessing the latest bikes, accessories and high-vis clothing for your commute even more manageable than before. Perfect for picking up premium and electric bike models!
