Frequently asked questions

Question	Answer
Need to change hospital appointment	Contact the Home NIV service (Monday to Friday 9:00-17:00h) on: 01273 696955 Ext. 64124 Email: uhsussex.homenivservice@nhs.net
What do I do when I go on holiday?	Take your device as hand-luggage. Contact our service and we will provide you with a travel letter. The medical team may need to fill in a MEDIF form from your airline. Please discuss this with the medical team and ask the airline for any documentation that needs to be filled in prior to departure and on your return.

Maintaining the equipment

- **Mask:** needs to be cleaned daily after use with warm soapy water and left to air dry. Headgear can be washed monthly with warm soapy water and left to air dry.
- **Tubing:** To be cleaned weekly with warm soapy water and let to dry hanging over door frame, shower rail.
- **Humidifier water chamber** needs to be emptied daily and left to air dry. If a build-up of lime scale occurs, apply white vinegar or lemon juice in the humidifier chamber and let it soak. Then rinse thoroughly before use. Alternatively, it can be placed in the dishwasher's top shelf only, on a wash below 60°C **DO NOT USE DESCALENTS** such as Viakal.
- **Filters** to be checked monthly and will generally require changing every 3 months. Depending on environmental factors, it may require more regular changing. For instances if pets, smoking or exposure to dusts.
- **Device** to be damp dusted monthly to ensure in good order.
