The Pattern Of Delivery UHSussex Nurseries

Since September 2010, the funding implemented by the Local Education Authority has allowed settings that operate beyond 38 weeks per year to deliver the funded hours in a flexible formula that provides financial continuity for both parents and maximises free hours.

The nurseries within University Hospitals Sussex NHS Foundation Trust we will be offering Parent and Carers of children eligible up to 12 hours per week free entitlement of a period of 47 weeks instead of the generic 15 hours for 38 weeks. Those that are able to claim extended funded hours it will be 24 hours for 47 weeks.

The entitlement will be reduced over the Christmas period, Easter and of a shorter period in August. During the non-funded weeks, a normal nursery rate will be charged.

Parent/Carers will be informed of dates through termly newsletters and noticeboard messages.

Our Delivery of Early Years Funding Entitlement

The provision of Early Years Funded Entitlement (EYFE) includes the delivery of early years education and childcare, and we deliver this in line with the requirements of the Early Years Foundation Stage (EYFS).

Our delivery of Early Years Funding for Sussex House and Wendy House Nurseries includes:

- No requirement to access a minimum number of hours or sessions.
- The option for Funded Only sessions without the requirement to access additional paid-for hours.
- No requirement to take up additional paid services, such as meals, snacks and personal care items. Any additional learning experiences where there is a further cost will be of donation request only.
- No requirement for children to use all their EYFE solely within our nurseries. Children may access EYFE sessions at a maximum of two different sites per day.
- Whilst there is no requirement to access a minimum number of hours or sessions, we recommend that children do attend the setting more than once per week to gain the most out of the learning and activities we offer, it also provides us to be more flexible in planning the day to meet the children's needs.

Support For Children With Special Educational Needs & Disabilities (SEND)

UHSussex nurseries welcomes all children and will work with parents and carers to ensure the needs of their children are met. To best support the child, our nurseries will endeavour to assess all relevant information about their needs during their settling in period and their regular attendance and will consult the parent/carer about any needs that the family or the nursery has identified.

Should any additional needs be identified, support is available from the Local Education Authority via our Inclusion Team Support. Parents and carers will be consulted before seeking this support.

Inclusion Funding

Inclusion Funding can be applied for by providers signed up to offer Early Years Funded Entitlement (EYFE) to support them in allowing children with additional needs to access their EYFE. Sussex House and Wendy House nurseries will consult parents and carers before applying and seek their input into the action plan for the child. We will share this action plan with the Local Education Authority, who will then determine if Inclusion Funding can be provided and how much.

Additional Funding To Support Early Years Education

EARLY YEARS PUPIL PREMIUM (EYPP)

EYPP is additional funding for early years settings to improve the education they provide for eligible children claiming Early Years Funded Entitlement (EYFE). EYPP is paid to settings alongside EYFE (Extended hours for 3- and 4-year-olds are exempt). Children do not need to take up their full entitlement to receive it. EYPP will be paid in proportion to the child's actual EYFE hours.

For Sussex House and Wendy House nurseries to be able to claim for your child, you will need to provide the following information:

- Parent/carer's full legal name.
- Parent/carer's date of birth.
- Parent/carer's National Insurance (NI) number or National Asylum Support Service (NASS) number.
- Evidence that the child has been in local authority care for one day or more in England or Wales (if applicable).
- Evidence proving the child has been adopted from local authority care, left care through a special guardianship order or is subject to a child arrangements order (if applicable).

Sussex House and Wendy House nurseries will determine best use of the funding by assessing the needs of eligible children, and in consultation with parents. We may also seek advice from the Local Education Authority for best use.

Information can be found about EYPP by viewing West Sussex County Council's EYPP guidance or Brighton and Hove City Council EYPP guidance.

DISABILITY ACCESS FUND (DAF)

DAF is a measure which aids access to early years places by, for example, supporting providers in making reasonable adjustments to their settings and/or helping with building capacity, be that for the child in question or for the benefit of children attending the setting. DAF is a fund that can be paid once per year.

Children will be eligible for the DAF if they meet the following criteria:

- The child is in receipt of child Disability Living Allowance (DLA); and the child receives Early Years Funded Entitlement (EYFE).

For Sussex House and Wendy House nurseries to be able to claim DAF for a child, we will need the following:

- A newly completed Parent Declaration, completed to confirm you would like [insert provider name] to apply for DAF on behalf of your child; and
- A copy of a letter confirming your child's current eligibility for Disability Living Allowance (DLA)

To determine best use of the funding, [Insert Provider name] will assess the needs of the child, consult with parents, and seek support from West Sussex County Council where required.
